Name: Qurat-ul-ain

Task: Task report day 3

Date: 24 September 2026

Topics:

Main topics of today learning is Links,Images,List& Page Navigaton.

Today I learn:

- Learn about absolute and relative links.
- How to use anchor tags.
- How to create same page navigation using id.
- How to add images using image tag <img> and importance of alt tag.
- How to create a ordered or unordered list.
- How to add external links.

Task No:03

Welcome to our university IEEE student society.

Home About Upcoming Events Why join us Contact

Welcome to IEEE society

Welcome to the IEEE University Society, a student-led community focused on technology, engineering, innovation, and professional development. Our society provides a platform where students can explore their interests, improve their technical knowledge, and connect with other students who share a passion for technology.

Our goal is to create an active and supportive environment where students can share ideas, discover new technologies, work on innovative projects, and prepare themselves for opportunities in the technology and engineering industry.

Explore our upcoming events

About Us

Who we are:

Our community encourages students to step beyond theoretical learning and gain practical experience through technical activities and projects. We aim to create a learning environment where students can ask questions, exchange ideas, learn from one another, and develop confidence in their technical abilities.

Our Mission:

Our mission is to encourage innovation, technical excellence, teamwork, creativity, and continuous learning among students. We aim to provide meaningful opportunities that help students strengthen their technical and professional abilities.

Our Vision:

Our vision is to build a strong university technology community where students are encouraged to learn, innovate, collaborate, and contribute to the development of future technologies.

Upcoming Events

Our upcoming events are designed to provide students with practical learning experiences and opportunities to interact with other students, professionals, and technology enthusiasts.

Activate Windows
Go to Settings to activate Windows.

Upcoming Events

Our upcoming events are designed to provide students with practical learning experiences and opportunities to interact with other students, professionals, and technology enthusiasts.

Web Development Workshop:

Learn the fundamentals of web development and HTML through practical activities.

Date: October 5, 2026

IEEE Technology Seminar:

A seminar where students can learn about modern technologies and industry trends.

Date: October 12, 2026

Programming Competition:

Participate in a programming competition and improve your problem-solving skills.

Date: October 20, 2026

Why Join Us

Joining IEEE University Society provides students with valuable opportunities for learning, collaboration, and professional development.

- collaborate with students.
- Enhance technical and programming skills.
- Explore emerging technologies and industry trends.
- Participate in technical workshop and saminars.
- Develop communication,teamwork, and leadership skills.

Activate Windows
Go to Settings to activate Windows.

Why Join Us

Joining IEEE University Society provides students with valuable opportunities for learning, collaboration, and professional development.

- collaborate with students.
- Enhance technical and programming skills.
- Explore emerging technologies and industry trends.
- Participate in technical workshop and saminars.
- Develop communication,teamwork, and leadership skills.

How to join

1. Visit the IEEE society office.
2. Fill out the membership form.
3. Attend the introductory section.

Welcome to our university IEEE student society.

Home About Upcoming Events Why join us Contact

Welcome to IEEE society

Welcome to the IEEE University Society, a student-led community focused on technology, engineering, innovation, and professional development. Our society provides a platform where students can explore their interests, improve their technical knowledge, and connect with other students who share a passion for technology.

Our goal is to create an active and supportive environment where students can share ideas, discover new technologies, work on innovative projects, and prepare themselves for opportunities in the technology and engineering industry.

Explore our upcoming events

About Us

Who we are:

Our community encourages students to step beyond theoretical learning and gain practical experience through technical activities and projects. We aim to create a learning environment where students can ask questions, exchange ideas, learn from one another, and develop confidence in their technical abilities.

Our Mission:

Our mission is to encourage innovation, technical excellence, teamwork, creativity, and continuous learning among students. We aim to provide meaningful opportunities that help students strengthen their technical and professional abilities.

Our Vision:

Our vision is to build a strong university technology community where students are encouraged to learn, innovate, collaborate, and contribute to the development of future technologies.

Upcoming Events

Our upcoming events are designed to provide students with practical learning experiences and opportunities to interact with other students, professionals, and technology enthusiasts.

Upcoming Events

Our upcoming events are designed to provide students with practical learning experiences and opportunities to interact with other students, professionals, and technology enthusiasts.

Web Development Workshop:

Learn the fundamentals of web development and HTML through practical activities.

Date: October 5, 2026

IEEE Technology Seminar:

A seminar where students can learn about modern technologies and industry trends.

Date: October 12, 2026

Programming Competition:

Participate in a programming competition and improve your problem-solving skills.

Date: October 20, 2026

Why Join Us

Joining IEEE University Society provides students with valuable opportunities for learning, collaboration, and professional development.

- collaborate with students.
- Enhance technical and programming skills.
- Explore emerging technologies and industry trends.
- Participate in technical workshop and saminars.
- Develop communication,teamwork, and leadership skills.

Activate Windows
Go to Settings to activate Windows.

Why Join Us

Joining IEEE University Society provides students with valuable opportunities for learning, collaboration, and professional development.

- collaborate with students.
- Enhance technical and programming skills.
- Explore emerging technologies and industry trends.
- Participate in technical workshop and saminars.
- Develop communication,teamwork, and leadership skills.

How to join

1. Visit the IEEE society office.
2. Fill out the membership form.
3. Attend the introductory section.

Welcome to our university IEEE student society.

Home About Upcoming Events Why join us Contact

Welcome to IEEE society

Welcome to the IEEE University Society, a student-led community focused on technology, engineering, innovation, and professional development. Our society provides a platform where students can explore their interests, improve their technical knowledge, and connect with other students who share a passion for technology.

Our goal is to create an active and supportive environment where students can share ideas, discover new technologies, work on innovative projects, and prepare themselves for opportunities in the technology and engineering industry.

Explore our upcoming events

About Us

Who we are:

Our community encourages students to step beyond theoretical learning and gain practical experience through technical activities and projects. We aim to create a learning environment where students can ask questions, exchange ideas, learn from one another, and develop confidence in their technical abilities.

Our Mission:

Our mission is to encourage innovation, technical excellence, teamwork, creativity, and continuous learning among students. We aim to provide meaningful opportunities that help students strengthen their technical and professional abilities.

Our Vision:

Our vision is to build a strong university technology community where students are encouraged to learn, innovate, collaborate, and contribute to the development of future technologies.

Upcoming Events

Our upcoming events are designed to provide students with practical learning experiences and opportunities to interact with other students, professionals, and technology enthusiasts.

Upcoming Events

Our upcoming events are designed to provide students with practical learning experiences and opportunities to interact with other students, professionals, and technology enthusiasts.

Web Development Workshop:

Learn the fundamentals of web development and HTML through practical activities.

Date: October 5, 2026

IEEE Technology Seminar:

A seminar where students can learn about modern technologies and industry trends.

Date: October 12, 2026

Programming Competition:

Participate in a programming competition and improve your problem-solving skills.

Date: October 20, 2026

Why Join Us

Joining IEEE University Society provides students with valuable opportunities for learning, collaboration, and professional development.

- collaborate with students.
- Enhance technical and programming skills.
- Explore emerging technologies and industry trends.
- Participate in technical workshop and saminars.
- Develop communication,teamwork, and leadership skills.

Activate Windows
Go to Settings to activate Windows.

Why Join Us

Joining IEEE University Society provides students with valuable opportunities for learning, collaboration, and professional development.

- collaborate with students.
- Enhance technical and programming skills.
- Explore emerging technologies and industry trends.
- Participate in technical workshop and saminars.
- Develop communication,teamwork, and leadership skills.

How to join

1. Visit the IEEE society office.
2. Fill out the membership form.
3. Attend the introductory section.

Contact Us

We would be pleased to hear from you. For inquiries, collaborations, event information, or membership-related questions, please contact the IEEE University Society through the information provided below.
